CAPABILITY STATEMENT

Service-Disabled Veteran-Owned Small Business (SDVOSB)

HUBZone Certified | Small Disadvantaged Business

COMPANY OVERVIEW

Mercury Federal delivers innovative, secure, and scalable solutions that help government agencies, healthcare providers, and industry partners identify, acquire, and deploy the technologies that strengthen mission outcomes.

As a Service-Disabled Veteran-Owned, HUBZone-certified value-added reseller, we simplify acquisition by connecting trusted technology partners with the agencies and missions that protect our Nation — including sole-source authority under FAR 19.14 that lets qualifying requirements move without a competitive delay.

Mission First. Partner Always.

CORE COMPETENCIES

MISSION IT™

Modernize. Protect. Connect.

- Cybersecurity & Zero Trust
- Artificial Intelligence
- Cloud & Hybrid Infrastructure
- Network & Communications
- Data Protection & Storage
- Digital Transformation & Managed Services

MISSION HEALTHCARE™

SOLE-SOURCE AUTHORITY

SDVOSB + HUBZone — stacked certification enabling direct award authority under FAR 19.14, without a competitive solicitation, for qualifying requirements.

DIFFERENTIATORS

- Executive leadership with direct DoD CIO and DoN CIO experience — we've sat on your side of the acquisition table
- Stacked SDVOSB + HUBZone certification — sole-source authority under FAR 19.14 most competitors can't offer
- One partner across federal IT and healthcare — no split relationships across vendors
- Named business development contacts with direct emails and phone — no call center, no account rotation
- Deep understanding of Federal missions and procurement

PAST PERFORMANCE

Supporting government agencies across defense, intelligence, civilian, and healthcare sectors with innovative solutions that drive mission outcomes.

Trusted by agencies. Driven by results.
